Scotch Shorthorn cattle, with their ability to make quick and economical gains along with their abundant flow of milk, have more of the things that are needed to make profits on American farms than any other breed of live stock. Wouldn't you like to own a group of cows like those shown above? You can buy them at prices you can afford to pay in "The Sale of Satisfied Buyers."

## Buyers Always Make Money On Their Abingdon Purchases

You will find that the men who consign regularly to the Abingdon sales are proud to have had a part in building the splendid reputation of this sale. None of them have ever received high prices for their cattle . . . but they have been prices that have provided a fair profit for both the producer and the buyer. Satisfaction on both sides has been the result and consignors come back to each sale with better cattle in order that buyers may continue in their appreciation of Abingdon as a dependable source of supply.

The Spring sale season always ends at Abingdon. Here is where the buyer's dollar stretches farthest. The list of consignors is the best possible assurance that this will be one of the strongest offerings in the history of this event. The bull offering contains a large number of ready-for-service bulls, as well as a generous number of exceptionally promising bull calves.

Because we know that in June buyers like to buy cows with calves and bred heifers to turn out into their pastures to produce a healthy dividend in the fall, you will find a liberal number of such profit-making lots. There will be an especially strong group of open heifers that are good enough for the foundation of any herd. Those who study the catalog will realize immediately that the entire offering contains the richest possible Scotch bloodlines as well as the get of the most famous sires of the day. As in all former Abingdon sales, pedigrees and health charts will be provided promptly and everything possible will be done to safeguard the name of "THE SALE OF SATISFIED BUYERS."

HAL LONGLEY, Sale Manager

All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All other cows and all heifers over sixteen months old at the time of sale are guaranteed to be breeders. Animals returned to sellers because they do not comply with guarantee will be at the buyer's cost of transportation.

A certificate of registry and a signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

## The Reason Why

Abingdon offerings are known nationally for their high quality is because they are consigned from the leading Shorthorn herds of the midwest. Scan over the list of consignors and the pedigrees in this catalog and you will agree that no regional sale offers stronger bloodlines. If you are anxious to add herd improvers at prices that you can afford to pay, come to Abingdon on June 18th.

Barrage Nugget—Our junior herd bull that we retained against the possible loss of Bugler's Champion. We now have an outstanding yearling that we wish to retain and our herd is not large enough for three bulls. This young bull has never been more active and is easily the best individual we have ever offered for sale. He won his class at the 1947 Missouri State Fair. He is a solid dark red, short legged, exceptionally deep bodied bull with a wonderful covering of smooth, deep, mellow flesh. He has a marvelous head and is siring calves of the right type.

Imp. Aldie Robin Regalia is a bull that is breeding as well as his superb pedigree would indicate. Sired by a half brother to the 1943 Perth champion and out of a dam by the famed Coldoch Sensation.

Lo Mar Aldie—A good, red, deep bodied, straight lined calf. He has an excellent head. His sire, Imp. Aldie Robin Regalia, is a half brother to the 1943 Perth champion, Pittodrie Banker and a three-fourths brother to the dam of the 1946 Perth champion, Pittodrie Upright. The dam of Imp. Aldie Robin Regalia was sired by the noted Coldoch Sensation, sire of Edellyn Royal Leader. Where can you find better bloodlines?

Prairiedale Autocrat 14th—This 2-year-old grandson of the famed Duke of Killearn is a real stock bull. He is heavy boned, stands squarely on four straight legs, is deep, thick and well balanced. This solid red bull is a sure breeder of top calves as is evidenced by the six good ones by him selling at foot with their dams in our consignment. We bought the entire small, select herd of Winsor Bros., Morris, Ill., and this was the sire in service.

## The Females In This Sale

This picture is indicative of the quality and type of the calves produced at Shore Acres Farm by Arnold Bros., Sterling, Ill. The Arnolds are consigning two choice females to this sale.

Two famous females of the Mathers Bros. herd. The red cow is Divide Patience 51st, 1940 and 1941 International grand champion, and the roan is Leveldale Rosewood 10th, class winner both of these years. The calves are daughters of the cows beside them and Goldfinder's Majesty, the blood of which is strong in the Mathers Bros. consignment.

Pursuant to our policy of giving buyers what they want at the time they want it, the June 18th Abingdon sale is chuck full of cows with calves at foot and females well along in calf to many of the breed's greatest bulls. This is because we know that at this time of the year buyers are looking for the profitable kind of lots that can be turned on pasture and brought in with healthy coupons in the Fall. You will notice, too, that this grand female offering has been rounded out with an excellent selection of open heifers of the strongest possible bloodlines.

Nearly every top ranking midwestern Shorthorn herd has foundation females that were purchased at this sale. Many herds have been founded completely on Abingdon purchases.

Strengthen your herd and increase your capacity to produce the world's greatest breed of cattle by selecting from this excellent offering.

Augusta Bud is a very good young cow by the Canadian bull, Templar's Magnate by Imp. Larbert Templar. She has produced one excellent bull calf for us, is a very good milker and was mated to Newallyn Rosewood King Nov. 14.

## Revamping The "SHORTHORN WAY"

The 96 bulls shown above are part of a purchase of 500 Shorthorn bulls by the Kern County Land and Cattle Co., Bakersfield, Calif., the largest ranching operation in North America, for a program of cross-breeding on 48,000 whiteface cows for their ranches in New Mexico, Arizona, and Oregon in order to RECOVER THE WEIGHT IN STEERS that has been lost annually by straight breeding. The Hall Cattle Co., prominent commercial cattle producers at Alliance, Nebr., credits 88 lbs. of extra weight on their steers sent to market off grass as yearlings, to the 50 percent Shorthorn bulls used in the herd. The H. Moffat Co., of Elko County, Nev., the West's largest combined meat-packer and producer, uses SHORTHORN BULLS on 16,000 whiteface cows BECAUSE STEERS WERE BECOMING LIGHT-BONED from straight breeding. Many other large commercial producers are buying Shorthorn bulls for the same reason. They are finding increased PROFITS resulting from the GREATER WEIGHT AND EARLIER MATURITY of SHORTHORN BLOOD, best in every WEIGH.

Above is shown Sharon Joy Brown, Lamoni, Iowa, with her champion steer Rocket. This calf was champion Shorthorn steer at the 1947 Iowa State Fair and at the Interstate Baby Beef Show at St. Joseph, Mo., with over 1100 steers showing. Sharon is a daughter of LeRoy Brown, member of the firm of Perry O. Brown & Son who bred the steer and who are consigning six choice individuals to this sale. The steer was sired by Victor's Mandate by Haigler Victor 2d.
